MONEY MANAGEMENT, ROUND 2 · PLACEHOLDER FOR TEAM DISCUSSION

Proposed lesson flow

The nine team parts inside one WIPPEA lesson, in the seven-chapter shape of the Phase 1 lessons. This is a working placeholder, not an approved plan.

Written: October 27, 2026 **Source:** lesson-Money-Management/lesson-structure.md **Size:** seven chapters, like Phase 1 **Timing:** 2-hour core, up to 3 hours with extensions

One safe next step
One step from My Money Plan and one place to ask: PATH, DoHS, 211, or FRN
Lesson level

Teaching order is not folder order. The lesson follows money from coming in to being protected, so Part 3 & 5 comes after Part 6, and Part 8 comes before Part 7. Each part is one segment of about 12 minutes: a Jess moment, a short teach, one core activity, and a line on My Money Plan. Extra worksheets and videos become optional extensions for the third hour.

COVERAGE CHECK

Where each must-cover topic lands

The September topic map lists eight topics the lesson must cover. This table shows where each one lands in the proposed flow today.

Must-cover topic	Where it lands today
Needs and wants, cash plan versus EBT plan	Part 1. The current materials cover needs and wants, but nothing yet asks learners to make a cash plan kept separate from SNAP.
EBT basics	Part 1, plus the Part 6 Stretching guide as a take-home.
Timing of money	Part 2 paydays, plus the Part 6 Stretching guide.
Income reporting (PATH, DoHS)	**No place yet.**
Work or training and benefits	**No place yet. Part 2 touches it with one question about saving and SNAP.**
Banking fees	Part 4 and Part 6 both cover it. Pick one owner.
Predatory products	Part 8, which is empty and unassigned.
Emergency buffer and who to call	Part 2 for the buffer. Who to call is in Application, which is not written yet.

Already drafted for this flow

- A 2-hour core time budget, with up to an hour of extensions
- Seven learner objectives, linked to the Employability Skills Framework
- A one-page rubric in the Phase 1 format
- A 12-minute pattern for each part: a Jess moment, a short teach, one core activity, a line on My Money Plan

Questions for the team

- Does this flow work as our starting point?
- Where do income reporting and work or training with benefits belong?
- Who will take Part 8 and Part 9?
- Which one core activity will each part use in the 2-hour core?
